

Kick Off the 2024 Campaign Season with Three Parks

The crucial 2024 elections are rapidly approaching, and Three Parks is gearing up for a full range of campaign activities. Watch your email and future issues of this newsletter to learn how you can get involved!

There is, of course, a Presidential race next year, with a Primary scheduled for April 2. Then in June there will be a Primary for US Congress, NY State Senate, and NY State Assembly, as well as for local Civil Court judges, District Leaders, Democratic State Committee members, and Judicial Delegates. Three Parks will be actively involved:

- First up in January and February will be **candidate endorsement votes** at our monthly Club meetings. Make sure you are there to hear the candidates speak and to vote your choices!
- Then, starting at the end of February, we hope you will join us out on the sidewalks to do the vital work of **petitioning** to get our endorsed candidates on the ballot for the June Primary.
- Plans are also in the works for numerous other campaign activities, including **postcard writing**,

phoning, texting, and canvassing.

We will be looking to support not only our own endorsed candidates, but also selected candidates in nearby “swing” districts where our campaigning can make a difference.

As you well know, the 2024 elections will be an “all hands on deck” situation. So stay tuned for information about our campaign activities as our plans evolve. We look forward to seeing you with us at all of our campaign events!
