

President's Report

By Lorraine Zamora

As I write this, it's been reported that George Santos has been expelled from Congress. It takes a lot to get booted by one's colleagues, and he really applied himself. Frankly, it couldn't have happened to a more deserving guy! In his typical, unbecoming fashion, he drove off in his Jaguar yelling, "To hell with this place!"

Three Parks has a busy year coming up in 2024—a New Year's Party in January, followed by endorsement votes for candidates in the June primary, petitioning, postcards and phone calls to get out the vote, our annual fund-raising benefit, a presidential campaign storefront, door-to-door canvassing, the national election—and starting very soon, ~~most probably~~, helping to ensure that a Democrat wins George Santos's seat on Long Island (CD3) in a special election in ~~March~~ late February.

But first things first. At our club meeting on December 13, we are kicking off the campaign season with a panel of three expert Democratic campaign strategists: Lizzy Weiss, Ny Whitaker, and Alyssa Cass. Their topic will be the

energized and expanded efforts of New York State Democrats to win back Congressional seats across the State in 2024 – and thereby help Democrats regain control of the House. Come and hear them tell us what they are planning – and how we in Three Parks can help.

I look forward to seeing you at the club meeting and wish you a Happy Chanukah! A Merry Christmas! A Happy Kwanzaa! And a Happy New Year!
