

In Memoriam
Milivoy Samurovich,
1934-2024

We are sad to announce that one of our club founders and a long-time member has passed away – the last remaining founder. Milivoy and his wife Christine were my neighbors at 890 West End Avenue when I moved into the building in 1968. I soon discovered their political life when a Democratic club started meeting in their apartment. And that was the beginning of Three Parks Independent Democrats – still going stronger than ever!

We worked together on many issues and political campaigns as the Club continued to thrive and grow, finally making it necessary to move out of their apartment and into the Youth Hostel where we continue to meet monthly. Milivoy served enthusiastically on the Three Parks Board of Directors for many years, and volunteered each year to bartend at the Club's holiday party. Even as Founding Member Emeritus after he retired from the Board, Milivoy still followed club activities through his daughter Liz. We will miss him as we move on to yet another presidential race – Milivoy would have been so proud to see Kamala Harris beat Trump.

We send our condolences to Liz and the other children, Audrey and Gregory, and to the whole Samurovich family.

-- Judy Wood
